

# Affordable Care Act Implications for Nonprofit Employers

Sep 25, 2013

On September 25, 2013, the Con Alma Health Foundation in partnership with the Center for Nonprofit Excellence offered two free information sessions on the Affordable Care Act and its implications for nonprofit employers. The sessions consisted of an overview and panel discussion about the new insurance marketplace, what documentation and provisions applied to small and large nonprofits, and where assistance could be found.

The materials shared with participants of these sessions are provided below for reference:

## Session Materials & Resources
